THE BIGGEST, BRIGHTEST, BEST.

The most successful and growing stores in the country to-day are the large, complete and many-sided stores, with goods suited to all needs, tastes and purses. Looked at from a single standpoint, they may seem too voluminous and complex. Looked at from the standpoint of the varied demands of the day, nothing less will suffice. There is no test like experience and practical results, and these support the complete stores.

Our is the largest and most complete general outfitting establishment on the coast, as it is also the most successful. It has the largest trade, both at home and through the mails, and shows the most rapid growth, and its growth has been the most rapid just as its assortments were at their best and highest.

The key to its success is that it furnishes what the people—and all the people—want. It ministers to every demand. It is varied and all-embracing. All its customers may not buy in every department perhaps, but everyone finds what he looks for and is interested in. There are coarse, stout goods for rough usage; plain, serviceable goods for everyday wear, and fashionable and costly goods from Vienna, Paris, London and other market centers of the world. In each of these grades only the best makes are represented, while the prices are always as low, and in most cases lower, than those of all other dealers.

These facts are cited for the benefit of out of town persons who wish to deal through the mails. We believe that we have stated nothing that is not accepted by those who know us. Men believe what they see, and everyone who comes to Sacramento sees the truth for himself.

WHAT IT FAILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indolently miserable, both physically and mentally? experience a sense of fatigues or beating after eating, or of "griping," or emptiness of stomach in the morning, tasteless, coated, bitter or bad taste in mouth, irregular appetite, distressing frequent belchings, bloated epigastrium, "heaving" speculum before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, stinging, transient pains here and there, cold feet, drowsiness after meals, weariness, disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Indigestion, Irritability, or other grave complications. Your disease has become the greater
